**NEW ROOMS, EXECUTIVE LOUNGE AND FAMILY-FRIENDLY
FACILITIES FEATURE IN UNVEILING OF HILTON SURFERS
PARADISE \$9 MILLION UPGRADE**

SURFERS PARADISE, Australia – February 24, 2020: Hilton Surfers Paradise Hotel & Residences has revealed the first stage of a planned \$9 million refurbishment which has seen the addition of new rooms, the unveiling of a new full-service Executive Lounge, enhancements to the pool area and expansion of its conference facilities.

The refurbishment is the biggest makeover the hotel has seen in its eight-year history and will continue to unfold across multiple stages with the reinvention of its lobby and the inclusion of a casual bar/ all day dining area and an art gallery.

A highlight of the refurbishment has been the creation of nine new guestrooms and suites on the 15th floor.

Featuring a bright, contemporary design and the latest in-room technology, the rooms enjoy spectacular views of the ocean and across to the Gold Coast Hinterland.

Supporting the launch of the new rooms, a new full-service Executive Lounge has been unveiled, embodying the coastal feel of the Gold Coast, with a blend of indoor and outdoor spaces ideal for guests to work, relax and catch up with colleagues and friends.

Families have also been included in the plan, with the incorporation of a colourful children's wet play area into the existing pool deck, while the next stage of the refurbishments will see the expansion of the pool deck to include a children's water play area. This is due for completion in mid-2020.

The business events sector will also benefit from the upgrading program, with meeting space doubled to four venues including the brand new Promenade Room, with plans to grow capacity even further in the near future.

Hilton Surfers Paradise general manager Fiona Pryde said the first stage of the multi-million-dollar project would support the hotel's capacity to attract the leisure, business and conference markets to the hotel.

“The Hilton Surfers Paradise is fortunate to enjoy a premier location on the Gold Coast, with the hotel positioned in the heart of the shopping, entertainment and dining precinct, so the \$9 million refurbishment will make the hotel even more attractive for discerning couples, families and business-related travellers,” said Ms Pryde.

“As the only hotel on the Gold Coast that offers a full-service Executive Lounge, our executive guests will have the opportunity to enjoy a very attractive private haven with high quality food and drinks service.

“The new rooms and suites that have been added are amongst the best available on the Gold Coast and really capture the freshness and vitality of the destination.

“Families will love the new-look pool area which will be enhanced further with the addition of a dedicated water park with extensive facilities to keep children entertained as parents relax around pool, within eye-view of the water park.

“Plans for our new-look lobby are also in the final design stage and will include a new bar and all-day dining area, as well as a new art gallery that will showcase local art.”

Hilton Surfers Paradise is at 6 Orchid Avenue, Surfers Paradise.
